DRAFT Langar cum Barnstone Parish Council Risk Management Scheme Adopted

Definition of Risk Management

Risk is the threat that an event or action will adversely affect an organisation's ability to achieve its objectives and to successfully execute its strategies. Risk management is the process by which risks are identified, evaluated and controlled. It is a key element of the framework of governance together with community focus, structures and processes, standards of conduct and service delivery arrangements.

This document has been produced to enable the Parish Council to assess the risks that it faces and satisfy itself that it has taken adequate steps to minimise them. The Council is aware that although some risks can never be eliminated fully, it has in place a strategy that provides a structured, systematic and focuses approach to managing risk, which:

- Identifies the key risk areas
- Identifies nature of risk
- Identifies the level of risk
- Evaluates the management and control of the risk and records findings
- Reviews, assesses and revises procedures if required.

Local Noticeboards

Following a query from a resident regarding access to the noticeboards in the villages, and myself being relatively new to the villages, I undertook a quick survey of the noticeboards and identified further issues of maintenance and day-to-day oversight which I consider to be worthy of discussion.

The noticeboards are a very visible sign of our village life, and I think it important that they are wellmanaged and well-maintained.

As I understand it, we have four 'official' noticeboards in the two villages, these being:

- The Parish Council noticeboard attached to the wall of the Unicorn's Head in Langar (PCL)
- The Parish Council noticeboard opposite Works Lane in Barnstone (PCB)
- The Nottinghamshire County Council noticeboard next to the bus shelter in Langar (NCC)
- The noticeboard outside the Village Hall in Barnstone (VHB)

I have various comments and questions relating to each noticeboard.

PCL and PCB Noticeboards

- Only used for Parish Council and related material
- Looks rather dilapidated, but I am informed that they are due for refurbishment
- I understand the keys are held by the Parish Clerk

NCC Noticeboard

- Used for church notices and commercial notices
- I understand that keys are kept by the Parish Clerk and St Andrew's Church Warden
- Many of the notices seem to be out of date
- Who is responsible for the day-to-day management of the notices displayed?
- Could the contact details of the keyholder(s) be displayed prominently on the noticeboard, and/or a key be chained to the board to allow access?

VHB Noticeboard

- I assume the Parish Council, as Trustee of the Village Hall, is *de facto* responsible for the upkeep of this noticeboard
- Looks rather dilapidated, but I understand that it is due for refurbishment
- Displays commercial notices and notices of local activities
- Who is responsible for the day-to-day management of the notices displayed?
- Easily accessible to insert/remove notices

Other Comments

- The 'unofficial' noticeboard inside the bus shelter in Langar seems to act as an overspill for the NCC noticeboard, I guess for those people who cannot access the NCC noticeboard
- Could the Parish Council identify persons who would be prepared to oversee management of the notices displayed in the NCC and VHB noticeboards?
- Are there other noticeboards in the two villages? (Langar Woods?)
