3 August 2017

Dear Mrs White

Ref 17/01717/OUT

The Parish Council Resolved to Object to the above application at its meeting on 2nd August 2017 for the following reasons:

1 Traffic

- Despite the existence of a weight restricted route on Bingham Road and Harby Lane, HGV's frequently illegally access Tarmac CRH and the industrial estate via Works Lane, which causes concern for pedestrians, particularly children, accessing the recreational field further down Works Lane.
- Existing homeowners on Works Lane would no longer be able to park their vehicles in front of their terraced properties and would have nowhere else to park them.
- Coach Gap Lane is privately owned, if it was closed to traffic in the future, all vehicles including HGV's would be obliged to use Works Lane to access Tarmac CRH, other businesses and properties.

2 Housing Needs Survey (HNS)

- The HNS states that there is a need for 6 x 2 bed dwellings. At the time of writing there are already 9 x 2 bed properties within one mile of Barnstone which remain unsold.
- The HNS states that the village has facilities and yet there are no local shops and the bus service has been reduced, as evidenced by 96% of respondents who stated that there is a lack of facilities in the village. Langar School currently has a full roll.
- The HNS also states that the data justifies the need for 10 homes. Of the 98 returns, 88 respondents believed that they were 'adequately housed at present'. A planning application was recently submitted for an infill development of 6 homes on Main Road Barnstone, (17/01352/FUL), bringing the total number of new homes to 16 which would be unsustainable within the village.

3 Open Space

- The development would have an impact on the wildlife, which includes bats, on the field and in the adjacent natural habitat at the Fishing Lakes
- The development would remove an area of open countryside which would have an impact on neighbouring properties and the rural atmosphere of the village. The proposed development is therefore contrary to the principles of the NPPF which states that planning should recognise the intrinsic character and beauty of the countryside. The proposed development is also contrary to policy EN20, (Protection of open countryside), of the RBC Non-Statutory Replacement Local Plan

4 Overlooking

- The neighbouring properties would be overlooked by the development, creating loss of privacy.

5 Planning Policies re new rural dwellings

- The site is located in the countryside where further development will generally be resisted unless it is for agricultural purposes or any other activities appropriate to the countryside. The proposed development is therefore contrary to Policy HOU4, (new dwellings in the countryside) of the RBC Non-Statutory Replacement Local Plan.

Yours sincerely

Claire Pegg
Parish Clerk
