Matters for consideration

9/17/12 NALC New Councillor Training 1 November

The Clerk reported that this session was now full, however, further sessions would be offered in the New Year.

9/17/13 Airfield Memorial:

The local branch of the RBL was to consider assisting the parish council in keeping the memorial tidy by supplying a new weed membrane.

The Clerk to contact the British Parachute School with a request for assistance in keeping the area tidy.

9/17/14 Cushion Club:

The Parish Council had reluctantly taken the decision to suspend the operation of the Cushion Club in the short term, pending a review.

Unfortunately, the Club had made a substantial loss, and membership had dwindled. Refunds would be made to those members who have already paid subscriptions. An article would be placed in the December issue of Signpost calling for people to come forward with new ideas and suggestions for this community Club.

9/17/15 NALC Data Protection Legislation training 28th November:

It was RESOLVED that the Clerk would attend this training session at a cost of £30

9/17/16 NALC AGM 15th November:

The Clerk reported that she would be attending the AGM. Cllr Morris also agreed to attend.

9/17/17 Councillors' Reports:

There were no reports

9/17/18 Correspondence:

The Clerk reported a letter received from T Chamberlin regarding the Airfield Memorial (dealt with under Item 13)

9/17/19 Date of next meeting:

Thursday 19th October at 7.30pm

Signed	Chairman

Village Hall Working Group - 27th July 2017

Meeting Notes

Those present include:
Adrian Bellamy –Parish Council (Chairman)
Chris Harper - Parish Council
Andrew Charlett – Vale Market Cafe
Charlotte Mazers - Vale Ventures/Drama
Gillian Clarke - Art Group
Richard Page - Belvoir Archers
Apologies:
Tom McHarg – Village Hall Committee

Purpose of Meeting

Adrian Bellamy detailed the current state of the village hall, and the cost of potential improvements (insulation, heating, damp etc). He went on to explain the parish councils decision to create a 5-10 year plan to knock down the existing building and replace it with a more energy efficient, well insulated, purpose built hall. The purpose of the meeting is therefore to consider what attributes need to be considered to ensure it works for the community.

The group generally agreed with the parish councils proposed plan.

The Main Hall

The group agreed that the current hall size was fine at this present time. But their general preference is for a slightly longer and wider village hall. This takes into account future village growth and larger public events (music and drama etc).

The art group explained that they need a wide open space for artists to assess each other's work.

The Belvoir Archers are generally happy with the length of the hall, but would like it to be wider to accommodate more people.

The drama group would like to establish if there was a way to divide the hall in two (via a versatile wall divide). This would help reduce rehearsal times (creating two rehearsal rooms).

If possible the existing floor should be retained and re-used. As this appears to be the main reason the building is utilised by the dance organisations.

Office/Meeting Room/Function Room

The group understand the need for a Parish Clerk office, but wondered if the space could double as a multi-purpose meeting/function room.

Printers/confidential storage could be locked away in a secure cupboard. The general consensus is that a meeting/function room would be a very useful addition to the hall. Access to the room shouldn't be via the main hall (avoiding archers and fire escape issues).

Kitchen

The general consensus is that the size of the current kitchen is perfect. The new kitchen should be comparable in size and functionality.

The group believe an island worktop in the centre of the kitchen would be a useful addition. The new kitchen should have a service hatch of some sort to facilitate the Vale Market Café and a bar (for music events). If possible the hatch should have a reduced worktop (cut out area). People currently struggle to service behind the existing hatch, as there is a significant distance to reach the customer.

Toilet Facilities

Toilets should be bright, modern and easy to clean. The location of the toilets should be practical for drainage and to make maximum use of the space.

Staging

The group understands that it may not be practical to retain a permanent stage with the new build.

The group accepts that temporary staging could be utilised by other parties in the hall (conferences, sales demonstrations etc). If a permanent stage isn't practical, then the group believes that we should still aim to find solutions for stage lighting and moveable stage curtains (if possible).

The drama group would also like us to consider break-out space/facilities for changing costumes and accessing the stage from the wings.

Parking

The group understands that parking will continue to be an issue. However, it was generally accepted that the village hall should be kept in the heart of the village.

The group believe we should retain a double space disabled parking space (of some sort).

Storage

The group believe that more storage would be useful. Especially if we are to accommodate extra temporary staging etc.

Disabled Access

Understandably the group would like disabled access throughout the building.

Lighting

The group would like us to consider skylight/Velux windows in the roof for natural light. They believe we should have LED lighting throughout the building and perhaps a zone based lighting solution to illuminate different areas.

Heating and Insulation

The building should be energy efficient, with good heating and insulation.

Where possible it should make good use of 'green' environmental energy (solar power, solar water technologies etc).

Other Considerations

The group would like us to consider the some outside space. Possibly an outdoor area for chairs and tables during the Vale Market Café.

The group would like the new build to be built in the summer months to have less impact on the Archers and VMC.
