Langar cum Barnstone Parish Council

Annual Risk Management Scheme

Approved Thursday 10th March 2022

To be reviewed March 2023

Introduction

- The Parish Council is responsible for establishing arrangements for the management of risk.
- Risk assessment is a systematic general examination of working conditions, workplace activities and environmental factors that enable the Parish Council to identify any and all potential risks inherent in the place or practices.
- This document has been produced to enable the Parish Council to assess the risks that it faces, and to satisfy itself that it has taken adequate steps to minimise those risks.
- Based on the assessment the Council will take all practical and necessary steps to reduce or eliminate the risks.

Policy and Procedures

- 1. The management of risk requires assessment of the likelihood of an incident occurring, and its impact if it does occur. This assessment uses 'High', 'Medium' or 'Low' (H/M/L). If the likelihood is high, special measures will be taken to reduce the level of risk, or the risky activity removed completely.
- 2. If the score is low, moderate measures may be sufficient to control or eliminate the risk.
- 3. When considering any new activity, the Clerk will prepare a draft risk assessment including risk management proposals for consideration and adoption by the council.
- 4. Risk policy statements and consequential risk management arrangements will be reviewed by the Council annually.

Risk Assessment 2022/2023

Approved: Monthly Meeting, 10th March 2022

To be reviewed: March 2023

Subject	Risk(s) Identified	H/M/L	Management/Control of Risk	Review/Assess/
