

Six recycling centres will **reopen** in Nottinghamshire on 18 May 2020

Phase 1
reopening

- Beeston
- Bilsthorpe
- Calverton
- Hucknall
- Newark
- Worksop

These sites will be open 7 days a week 10am-6pm apart from Newark which will be open 10am-4pm, for garden waste, wood, metals, electrical and electronic equipment, cardboard and general waste only.

reopeningrecyclingcentres](https://www.nottinghamshire.gov.uk/reopeningrecyclingcentres)

Please consider if your journey is essential and only take waste that is causing a health and safety issue if it's stored at home. There will be a one car in one car out system and **no trailers, vans or pick-ups will be allowed.**

Social distancing guidelines will be in place and queues are expected, if necessary people may be asked to come back later if the queue is dangerous.

Please be patient, thank you

Work is taking place to look at when the remaining sites can be opened safely.
