

Stakeholder update

*Fortnightly update to stakeholders,
provided by the Rushcliffe Neighbourhood policing team*

Inspector's update – 16th December 2019

Welcome to the latest edition of the Rushcliffe Stakeholder Update. My name is Craig Berry and I am the officer responsible for the policing of Rushcliffe Borough.

On Tuesday the 3rd of December we had officers working on Operation Scorpion; this was primarily in the West Bridgford area. This is an operation that runs in addition to officers that are rostered to be on duty. Op Scorpion is Nottinghamshire Police's proactive knife crime enforcement and prevention campaign Operation Scorpion and is now very much a part of everyday activity within the force.

Officers worked with metal detectors to search around Alford Road Park looking for knives that had been stashed, unfortunately, or maybe fortunately, no knives were found. Other work will be carried out under the Op Scorpion in the coming weeks.

In respect of the recent elections beat team officers have been out visiting most of the polling stations to ensure that there are no issues or disruptions at these venues. We also had presence at the venue where the votes are counted overnight last Thursday.

We have already started our lead up to Christmas and the New Year hi visibility patrols around night time economy venues in Rushcliffe. This includes liaising with licensed premises ensuring that CCTV system are functioning and liaising with licensees' and door staff where applicable, these will continue until the New Year.

Our intelligence officers and specialist CID teams continue to work to identify, locate and put burglary offenders before the courts. Local residents can assist us with this work by using crime stoppers to make us aware of any local information they have about offenders, their anonymity is protected by the use of the crimes stoppers scheme, their contact details can be found on the internet.

I would like to wish all of our 'readers' a happy and peaceful Christmas and new year, some of our local officers will be working over this period and away from their families, I hope that the demands for their time will not be too significant.

Inspector Craig Berry

Team updates: West Bridgford

**Sergeant
Sarah Merrall**

Some very good work by the West Bridgford beat team and the local response officers on Sunday the 8th of December.

Officers became suspicious of a vehicle on Holme Road and approached the occupants. Five males aged 45, 40, 36 and 2 others who are 23 years of age were arrested on suspicion for a variety of offences. All were arrested on suspicion of possession with intent to supply drugs. Further information can be found on the Nottinghamshire Police web site - News page

<https://www.nottinghamshire.police.uk/news>

Offences on the West Bridgford beat so far this month

Theft from motor vehicles, four incidents of number plates being stolen. There have once again been vehicles entered where there are no signs of forced entry, indicating either keyless entry vehicles or vehicles left insecure.

There has also been a catalytic convertor stolen from a parked vehicle on Holme Road, this was a Toyota Prius

Seven offences of sheds having broken into and cycles stolen, simple security measures can be taken to make sheds more secure and the cycles within.

<https://www.nottinghamshire.police.uk/advice/prevention>

PC Scott REDGATE has recently interviewed a 30 year old male on suspicion of theft from motor vehicles offences; enquiries are ongoing in relation to other similar offences.

We have identified a suspect for a theft of pedal cycle in the West Bridgford area, attempts are being made to locate that person and arrest them.

We wish all our local stakeholders and their families a safe and happy festive period.

Team updates: Rushcliffe South

**Sergeant
Steve Robinson**

We have some good arrest around a reported burglary at a building site on the edge of Bingham; this was during the early hours of the 8th of December. Three males, 2 aged 29 years of age and a third being 19 years of age, were arrested on suspicion of that burglary they have all been released under investigation while further enquiries are carried out.

On Tuesday the 10th of December PC Howard SHINN attended the Rushcliffe South Villages Safety Group meeting (RSVCSG) at Keyworth village hall. The group has a new chairman and is looking to grow the number of people that attend this quarterly meeting. The purpose of the group is to provide a voice to the Local Police Priority Setting meeting, from the villages in the Leake and Keyworth, Cotgrave and Ruddington beat areas. If you are part of the local Council, NHW group or a member of the public that has an interest in local crime or ASB issues and wish to attend future meetings, please contact Howard and he will arrange for you to be added to the list of attendees.

A similar group to the RSVCSG exists and covers the Radcliffe and Bingham beat areas, again if you wish to be involved in those meetings please contact your local beat team.

In recent days we have become aware that someone is causing damage to resident's outdoor Christmas decorations in Keyworth. We have submitted social media reports about this asking people to be vigilant and report any suspicious activity around this issue.

Anyone becoming victim to any crimes can report these online with Nottinghamshire Police by accessing the following link
https://www.nottinghamshire.police.uk/do-it-online/report-online?utm_source=nottspolice&utm_medium=ocr-button&utm_campaign=homepage

On the Rushcliffe south area we continue to hold beat surgeries at various villages on the area, these are advertised on our social media outlets and will continue with varying days and times into the New Year.

At this time of year please be careful with the possibility of driving after drinking, very often you can still be over the drink drive limit the following morning.

The Rushcliffe south beat team wish everyone and their families a happy and safe Christmas and new year.
